

Community Resource Guide

Mission:

The Kendall County Task Force on Disability seeks to raise and maintain a high level of public awareness of disability issues and available, accessible resources for disabled individuals through effective outreach, education, and advocacy with the goal of promoting better integration of persons with disabilities into the community.

In keeping with the mission of the group, members of the KCTFD hope this Resource Guide will benefit community members as they seek assistance with navigating the various senior/disability resources various Kendall County agencies, nonprofits, and businesses have to offer.

Thank You:

The KCTFD would like to thank the individuals who helped put this Resource Guide Together, with special recognition going to KCTFD member, the DayOneNetwork, whose own Resource List served as an inspiration and guide for putting this Kendall County specific document together.

Task Force Member
